Dear Mr. Chairman:

On 26 August 1977, my Legislative Counsel delivered to your staff copies of a summary report of material that was recently located concerning Projects ARTICHOKE and BLUEBIRD. He also made arrangements with your staff for them to review this material in the same manner in which the MKULTRA material is being handled.

This material was located as a result of an overall review of Agency records, control schedules, and inventories of documents stored in the Agency Archives. Our review of this material failed to reveal any information which would contradict or change the scope of the information previously furnished to the Congress on these Projects. In summary, this new material contains working papers and file material that provides more detail than had previously been available.

We will continue to cooperate with the Committee in every way possible to facilitate the review of these documents.

Yours sincerely,

/s/ Stansfield Turner
